

Frozen Jr. Company

I'd like to begin with a wholehearted thank you to all who came out for auditions. It was a joy to see each of you share your skills with our team, and I truly was blown away by the abundance of talent. The magic of Frozen doesn't just come from singing snowmen and dancing trolls but from the impenetrable bonds of sisterhood and community. Building a community from within this company is magic come true, and I cannot wait to spend the next few months with you.

Warmest wishes,
Caroline Sierk
